Huh? Where is our boss?
Chase that girl just now! What're you doing?
Bringing our boss a horse!
What else can I do?
Idiot!
Do you want to die!
Our boss has always wanted to fly
and considers riding a horse disgraceful!

If he had heard you, you would've long been beaten to a pulp!
For... Fortunately, he already left!
Our schedule has been too tight. We've robbed ten-something villages without stopping
What's he want with a hundred boys and girls?
So nosy! Just do what you're told to do!
It's not as if it's your first time snatching children!
You have a ton of things to do! Stop slacking off!
Eh
